Scientist - Biometrician

\$66,235 - \$75,151 + 9% Super

Position No: DSE 815413

The Biometrician is responsible for providing statistical support for Arthur Rylah Institute research projects. An additional requirement is the provision of high-level statistical analysis on assigned projects reviews or studies which support the objectives of the Biodiversity and Ecosystem Services Division.

To be successful in the role, you should have experience in and demonstrated capacity to undertake quantitative analysis of complex ecological data using a variety of statistical software packages.

You will also have excellent communication, planning and people skills with the ability to facilitate and manage external contractors and other resources.
